EDUCATION

Institute of Engineering and Management (IEM), Kolkata

B.Tech in Information Technology — 2025 – 2029

2nd Year — CGPA (YGPA): 9.71

Higher Secondary (Class 12)

H.M. Education Centre, CBSE — 2025

Percentage: 91%

Secondary (Class 10)

Dreamland School, ICSE — 2023

Percentage: 92.4%

PROJECTS

EventIQ – Smart Event Management System

- Developed an online platform for organizing events, managing registrations, and providing event-related information.
- Built using modern web technologies with database integration for smooth data handling. (AI-assisted project)

Smart Factory Dashboard (Hackathon Project)

- Developed a dashboard prototype to monitor and analyze factory operations using data visualization.
- Features include performance tracking, anomaly detection, and digital twin simulation. (AI-assisted project)

WallBot – Wall Climbing Painting Robot

- Designed and built a wall-climbing robot that can carry and spray paint on walls.
- Integrated Arduino, BLDC motor, and suction mechanism for movement and stability. (AI-assisted project)

AI-Assisted Games (Frontend)

- Developed interactive web games using HTML, CSS, and JavaScript.
- Chess Game: https://chessbysdp1234.netlify.app/
- Hand Cricket Game: https://handcricket1234.netlify.app/

ACHIEVEMENTS & STRENGTHS

- Secured CGPA 9.71 (YGPA) in B.Tech 1st Year.
- Strong problem-solving skills with a logical approach.
- Team leader in multiple academic projects.
- Quick learner, adaptable and dedicated to continuous growth.
- Good communication and teamwork abilities.

TECHNICAL SKILLS

Programming Languages	:	Python, C, C++
Web Technologies	:	HTML (Basics)
Database	:	MySQL (Basics)
Tools & Platforms	:	VS Code, Git, GitHub, MATLAB, Arduino IDE
Concepts	:	Data Structures & Algorithms (learning), Problem Solving

CERTIFICATIONS (NPTEL)

- Programming with Generative AI (Elite + Silver) – Top 5%
- Programming, Data Structure and Algorithm Using Python (Elite)
- Developing Soft Skill and Personality (Elite + Silver)

COURSES & LEARNING

- Currently learning Data Structures & Algorithms.
- Learning Web Development (HTML, CSS, JavaScript, Backend & Databases).
- Enthusiastic about building real-world projects and strengthening technical skills.

PERSONAL INFORMATION

Date of Birth	:	21st February 2007
Nationality	:	Indian
Languages Known	:	English, Bengali (MT), Hindi

HOBBIES & INTERESTS

Watching Cricket | Problem Solving
